PACKAGING SOLUTIONS... IN STOCK!

BGR

Equipment & Products Catalog
# A Commitment to Your Success

It all began in 1972 with twelve cases of tape in a suburban garage. Since that time, BGR has grown into one of the Midwest’s premiere providers of packaging systems and supplies. Today, we own a 200,000 square foot warehouse outside Cincinnati, stocking over 6,000 different items to make your job easier.

We achieved this growth by providing competitive pricing, wide selection, and expert service. We also did it by listening to customers like you. We get to know your markets and your needs. And we offer products, programs and services to help your business grow, including:

- Packaging system analysis and recommendations
- New and reconditioned packaging equipment
- Equipment repair and maintenance
- Extensive inventory of packaging supplies
- Custom converted tapes
- Custom label printing and converting
- Large express delivery fleet

BGR means Building Great Relationships. To do that, we measure our success by your success. That’s the commitment we’ve made to you for over 35 years, and it’s one you can count on into the future.

**Hours:**

- 7:30 AM – 5:30 PM (Monday – Friday)
- 8:00 AM – 11:00 AM (Saturday)

fax: 513.755.7855
Welcome to BGR’s new, next-generation catalog! What you’ll find here is more of a general overview of our products and services. We moved the more detailed information to our website (www.bgrinc.com), as well as your actual purchase experience. And we did it all with you in mind:

**Ease:** Browse leisurely, or search by keyword, and then point and click—all from one convenient location.

**Freshness:** Get a much more current look at our inventory and pricing.

**Security:** Order with confidence from our password-protected customer portals.

More specifically, we have filled our website with features that make your shopping and purchasing experience simple and convenient:

- Introduction of new products and services
- Current on-line specials
- Small quantity pricing references
- Expanded equipment information
- Direct links to manufacturers
- Current listings of used equipment
- Helpful resource page updates
- Access to past order histories

BGR is bringing packaging into the 21st century. We think it’s about time!

BGR knows it takes more than a comprehensive product inventory and fast delivery to earn your business. We must also offer a broad range of support services and custom products.

- Packaging needs assessments
- Equipment needs assessments
- Equipment service plans
- Customized equipment lease and finance plans
- Loaner equipment programs
- Equipment procurement
- Advice on packaging processes
- Package configuration testing
- Comprehensive packaging programs across the entire enterprise
- Cost analysis of current packaging processes
- Recommendation of the optimum packaging solution for the lowest total price
- Custom converting of specialty tapes
- Custom label printing
- Contract packaging

In addition, BGR maintains a staff of factory authorized and trained technicians with over 40 years of combined service experience. We can service all types of packaging equipment, in our shop or yours.

- System design
- Line integration
- Installation
- Modification of existing equipment
- Custom equipment design
- Planned maintenance programs
- Support and training, multiple shifts

BGR maintains an extensive parts inventory so we can guarantee 24-hour resolution. In fact, most calls are resolved in about six hours! Our goal is to reduce your downtime and have you up and running as fast as possible.
New Equipment

If you want to be a true solutions provider for your customers, you’ll need a range of technologies on hand. Which machine will best meet the need in each instance? Where do you find it? Do they even make that one anymore?

There are a lot of questions to consider, and BGR is here to help. BGR offers a wide range of packaging technology, from production line equipment to small hand tools.

We will help you find the best solution—new or reconditioned, off the shelf or hard to find. And for those times when you have more questions than answers, BGR offers process evaluations and recommendations, free of charge.

Please visit us at www.bgrinc.com for a detailed listing of new and reconditioned packaging equipment.

- Shrink tunnels
- Case erectors
- Strapping systems
- Case sealers
- Stretch wrappers
- L-bar sealers
- Tape dispensers
- Thermal printers
- Bag sealers
- Bagging systems
- Label applicators
- Adhesive systems

Reconditioned Equipment

If you’re thinking of buying used and reconditioned packaging equipment, BGR has some advice for you: ask tough questions, and don’t compromise.

Will it provide a good return on investment?
Will it run reliably?
Will someone be there for me if it quits?

If you’re asking BGR, the answer is yes, yes and yes. Our trained service technicians thoroughly inspect every piece of used equipment that comes through our doors. They look for excessive wear and potential trouble spots, and then make repairs and replacements as needed. The end result may not be the prettiest machine ever, but it will get the job done—and BGR will stand behind it.

Equipment that runs well and saves you money doesn’t stick around for long. So, check our website for the most current list of used and reconditioned packing equipment. If you don’t see what you’re after, let us know. We have a lot of contacts in the industry, and we’ll keep an eye out for you.

- Stretch wrappers
- L-bar sealers
- Strapping systems
- Tapers
- Packaging tools
- Thermal printers
- Bag sealing systems
- Label applicators
- Tape heads
- Shrink tunnels
**Strapping Equipment**

Every time a shipment leaves your plant, it carries a little bit of your reputation with it. You want that product—and your reputation—to arrive at that customer’s door intact and looking good.

That’s where strapping comes in. Down there at the end of your process, strapping is last but certainly not least. To do it right, you need the right equipment. That’s why BGR offers a comprehensive line of tools to fit your steel or plastic strapping needs, including:

- Banders
- Tensioners
- Crimpers
- Cutters
- Semi-automatic table top strappers
- Automatic arch strapping machines
- In-line banding systems

Strapped in, strapped down, and out the door—BGR’s got you covered.

**Dunnage Systems**

Of course, strapping can’t do it alone. Dunnage plays an equally important part, protecting your shipment from shock, vibration and moisture.

There are many different dunnage needs out there, and BGR offers a variety of materials, systems and services to handle them. Not sure which solution’s right for you? BGR will help there, too. We can perform a packaging analysis in your plant, and together we’ll tailor a solution to best fit your specific needs.

Take a look at BGR’s many dunnage solutions to help protect your customer’s investment—and your reputation for reliable delivery.

- Air pillow machines
- Paper dispensing equipment
- Loose-fill delivery systems
- Foam-in-place units
- Bubble-on-demand machinery

Packaging Equipment
Material Handling & Work Stations

When it comes to conveying and material handling systems, you have a lot to consider: simple or compound curves, angle of slope, gravity flow, pounds per linear foot—let’s just say there’s math involved!

Whether you know exactly what you need, or you’re not quite sure, BGR has a material handling solution for you. We feature durable, flexible Spacesaver and Nestaflex conveyors to get your product from here to there, and back again.

BGR can also perform a workflow analysis in your shop to help you design the most effective system and use your floor space wisely. That’s another one of our many consultative services.

BGR helps you get your product moving—*smoothly and efficiently*:

- Conveying systems
- Hand trucks
- Pallet jacks
- Carts
- Work benches
- Shipping stations
- Packaging stations

Small Tools

Big, shiny capital equipment is glamorous. Things like labelers and tackers? Not so much. But you couldn’t live without them.

That’s why BGR carries a wide assortment of small tools, so you can do the little jobs that make the big jobs possible. Whether you are cutting or taping, putting in staples or taking them out, make BGR your small tool resource.

- Stapling tools—hand operated
- Stapling tools—pneumatic operated
- Tackers
- Staple removers
- Safety knives
- Box cutters
- Tape dispensers
Hot or cold, sealed tight or easy-open, BGR carries a wide range of adhesive solutions to suit a variety of packaging needs. Got a new product or application? Not sure which way to go? As always, BGR is here to help you find the proper adhesive to match your individual requirements.

Whether it needs to be stuck, sealed, affixed or adhered, BGR can help you out of—or into—a sticky situation!

- Aerosol adhesives
- Hot melt adhesives
- Liquid cold glues
- PSA glue sticks
- PSA glue dots
- Super glue adhesives
- Epoxies
- Thread-lockers
- Bulk cylinder adhesive spray systems

BGR’s Select Private Label Products
Great Quality, Great Performance and Great Value

With thousands of products to choose from, it can be a challenge to select the best value for your packaging program. That’s why we have developed our select private label Great American Brands. Each product has been thoroughly tested and selected for its quality, performance, and value. Many customers find it easier to specify Great American Brands because they know they’re getting great products that are consistent and reliable. If we didn’t think these products were great values, we wouldn’t put our name on them!
Great American Brands include:

★ Patriot Tapes—clear and paper packaging tapes and quality masking tapes in multiple colors
★ Freedom Film—high-performance wrapping films
★ Liberty Wrap—light weight, yet rugged bubble protection for your products
★ Independence Poly Bags—versatile and available in a wide range of sizes, thicknesses and closures
★ Congress Cartons—sturdy corrugated product and shipping boxes in popular sizes
★ Revolution Banding—durable and strong plastic pallet banding
★ Declaration Labels—a variety of commonly used identification labels

OK, we had a little fun with the product names, but we wanted you to remember our Great American Brands. After all, who could forget the Continental Congress who signed our Declaration of Independence and the Patriots who, in the Great American Revolution, fought for our Freedom and Liberty. We hold this truth to be self-evident—you’ll never go wrong ordering Great American Brands!

Look for Great American products in the category listings or on the Great American Brands web page in our online catalog at www.bgrinc.com.
There are some things your business just can’t do without. The poly bag is one of them. You need bags—lots of them—in multiple sizes for multiple uses. From carrying small parts, to bin liners, to covering large machinery, the poly bag is an essential tool. One thing’s for sure—you don’t want to run out of them.

At BGR, the poly bag is a cornerstone of our business. You can trust us to carry a wide selection in stock, in sizes from a 2 x 2 Locktop Bag to a Giant Poly Pallet Cover. Check our website for specific sizes, thicknesses and quantity pricing. If you can’t find the size you need... give us a call.

Count on us to carry the right bag, and to have it in stock. That’s a bottom-line benefit from BGR to you.

It’s difficult to find a small quantity of a large bag, that’s our niche!

• Small flat poly bags
• Small gusset poly bags
• Medium flat poly bags
• Medium gusset poly bags
• Large and giant flat poly bags
• Large and giant gusset poly bags
• Anti-static poly bags
• Zip lock poly bags
• Poly bags on wickets or chipboard headers
• Trash liner poly bags
• Pre-opened bags on a roll
• Small pre-opened poly bags
• Retail merchandise poly bags
• Furniture poly bags
• Garment poly bags
• Large drum cover poly bags
• Large metallized poly bags
• Vacuum bags
• Shrink PVC bags
• Drawstring poly bags
• Cloth mail bags

The name of the game is UNITIZING—taking ten, twenty or thirty loose cases of something and turning them into a solid uniform pallet. When you unitize, your product is more secure, easier to handle, and requires less labor time and cost.

To get the job done, you’re going to need an assortment of stretch films, shrink films and sheeting in various strengths and grades. And you’ll need a versatile resource to help you stay on top of your game. That resource is BGR. From product packaging to product protection, from heavy-duty to barely visible, we have a product in stock to meet your requirements.

Not sure which choice is right for you? BGR has the expertise to help you select the best film solution for your application. Just give us a call.

• Hand grade blown stretch film
• Hand grade cast stretch film
• Hand grade extended core stretch film
• Hand grade pre-stretched film
• Machine grade blown stretch film
• Machine grade cast stretch film
• Narrow width stretch film
• Polyethylene shrink film
• Polyolefin hi-clarity shrink film
• PVC shrink band
• Plastic sheeting-perfed on a roll or cut
• Plastic sheeting-continuous/single—wound 2”-72” wide
• Plastic sheeting-centerfolded for machine bagging
• Plastic sheeting-heavy duty converting/construction film
• Cling wrap film
• Foam-in-place high-density film
• Laminating film
• Skin packaging film
• Poly tubing
• Narrow roll polyester
Is customer satisfaction important to your business? Would you like to get paid for that next shipment? Then your product had better arrive at the customer’s dock intact, and looking good.

Protecting your product in transit is vital. And proper packing and dunnage are key ingredients. That’s why BGR stocks a wide selection of airbags, bubble wrap, peanuts and much more—everything you need to get your product there in one piece.

Not sure which product is best for your application? Ask your BGR representative for recommendations. We work to provide the best product protection at the lowest possible price.

- Abrasion resistant 2-ply airbags
- Seven-end 2-ply airbags
- 6-Ply airbags
- Vinyl airbags
- Airbag inflator kit

- Cro-nel self-seal cohesive foam
- Styrofoam blocks, shapes and die cuts
- Felt foam
- Polyethylene foam
- Microfoam
- Polyethylene foam profiles and shapes
- Dimplewrap protective packaging paper
- Tissue paper
- Paper wadding
- Paper tubes
- Biodegradable peanuts
- Packing peanuts
- Expandable void fillers

When it comes to purchasing boxes and industrial papers, your demands are simple. You want a wide selection of materials. You want a range of sizes to choose from. And when you need them, you don’t want to wait.

Your demands are simple, and so is your choice of vendor.

Boxes:

For kraft or white, shipping or shelf display, nobody beats BGR for rugged, affordable boxes. Our selection is exceptional, and most items are in stock.

Industrial Papers:

BGR also offers a comprehensive selection of protective industrial papers for every application. Kraft, poly, wax or newsprint—we have a roll or sheet paper solution in stock to satisfy your packaging needs.

Not sure which material or size is best for you? Your BGR rep can help you sort it out. And don’t forget to ask about quantity pricing!

- Standard corrugated boxes
- Open top bin boxes
- Die cut mailer corrugated boxes
- Jumbo bulk container corrugated boxes
- Multiple depth book fold corrugated boxes
- Corrugated triangle mailing tubes
- Corrugated pads/slip sheets
- Corrugated roll stock—single face
- Chipboard boxes
- Clay coated newsback chipboard
- Pallet liner chipboard
- Plain chipboard
- Kraft paper rolls
- Newsprint paper rolls
- Newsprint paper sheets
- Barrier paper—government specification
- Coated poly paper
- Coated VCI paper
- Coated wax paper
- Skin packaging board
All Types and Sizes

You hear it a hundred times a day. What’s in this box? What’s the weight limit? Is it hazardous? The answer: check the label.

Your label needs are practically endless. Fortunately, BGR’s got you covered. Laser or thermal print, paper or vinyl, we have a large selection of labels in stock, of practically every type and size. Order pre-printed off the shelf, or custom design your own. Our custom label turnaround time is the best in the industry. Art, plates, and negatives are produced in house. Everything from simple blanks, one color, and up to beautiful four color process—we do it all! Call your BGR rep for all the details.

- Custom designed and printed labels
- Color circle labels
- Direct thermal labels
- Laser labels
- Floodcoat color paper labels
- Marking gun paper labels
- Printed message paper labels

- PInfed labels
- Shockwatch labels
- Special Brady labels
- Direct thermal labels
- Special Brady thermal transfer labels
- Thermal transfer labels
- Wire marking labels
- Yellow vinyl labels
- Paper tags
- Tyvek™ tags

You’ve heard the mailman’s creed? “Neither rain nor snow nor dark of night...” Add to that sleet, hail, floods, potholes and plain old rough handling. Now you’re starting to get a picture of the kind of abuse your package can absorb.

The point is, once that mailer leaves your OUT box, you have no idea what conditions it will encounter on the way to your customer’s door. That’s why BGR carries a comprehensive inventory of padded and bubble-lined mailers to help get your delivery there safely. For a complete listing of types and sizes, check out our website. Don’t forget to ask your BGR rep about volume discounts!

- Kraft lined bubble mailers
- Padded shipper mailers
- Reinforced paper envelopes
- Co-extruded white plastic mailers
- Standard kraft envelopes
- Packing list envelopes—all sizes
- Job ticket holders
- 3-Pocket bubble lined pouches
- Foam-film pouches
- Barrier, absorbent locktop pouches
- Chipboard heavy duty flat mailers
You know how it is on the loading dock; the trailer door opens, the forklift goes in... and you don’t know what you’re going to see. But when that pallet rolls out looking neat, tight and secure, you know that whoever sent it cares about quality and customer satisfaction.

In addition to BGR’s selection of banding, tension, crimping and cutting tools (see page 8) we also carry a wide assortment of steel and plastic strapping, staples, bailing wire and much more. BGR has everything you need to ship efficiently and securely. Also, be sure to check out our selection of film wrap machines and supplies.

- Hand grade plastic strapping
- Machine grade plastic strapping
- Plastic strapping seals
- Steel strapping
- Steel strapping anchors
- Packaging staples
- Industrial staples
- Office/industrial electric and manual staples
- Fine wire staples
- Bailing wire
- Stitching wire

Safety is a two-way street. You depend on your people to use caution and common sense. They depend on you to provide them with a safe working environment.

However you count the cost—life and limb, productivity or OSHA citations—safety pays. So BGR stocks a wide selection of protective clothing and accessories, eye/ear/respiratory protection and HAZMAT cleaning supplies.

Safety is serious business, so don’t be a statistic. Give BGR a call.

- Industrial ladies gloves
- Industrial mens gloves
- Heavy lisle ladies gloves
- Heavy lisle mens gloves
- Large disposable vinyl gloves
- Latex gloves
- Mens Kevlar™ gloves
- Mens nylon gloves

- Carry handles
- Roll foil
- Purging compound for hot melt systems
- Stencil board
- Stackable pressboard pallets
- Shop rags
- Thermal transfer printer ribbons
- Specialty printer ribbons
- Rope and twine
- Coding systems

Just-In-Time Contract Packaging Solutions from BGR:

If your shop is LEAN—or if you would like it to be—you need to know about contract packaging solutions from BGR.

With BGR’s contract packaging solutions, your packaging components are prepared and assembled offsite to your specifications. Then we deliver them to your shop Just In Time—when you need them. In many cases, you receive the package, drop in your product, seal it up and ship it right back out. And that’s efficiency.

Contract packaging is gaining popularity as more and more companies follow LEAN practices. LEAN means cutting out processes that don’t add value to your finished product—things like wasted time, wasted materials, wasted space, excess inventory and so on.

LEAN also means concentrating on what you do best. So, unless what you do best is “assemble packages,” BGR contract packaging services can improve your operations. Together, we’ll design a contract packaging solution that can seriously impact your bottom line.

- Box assembly
- Shrink bundling
- Label application
- Kit assembly
- Parts bagging
BGR Inc. and Packaging Distributors of America:

Proving Service Across North America

BGR Inc. is a founding member of PDA—Packaging Distributors of America. PDA is an alliance of strong, independent distributors with over $1.2 billion in combined sales and more than 50 stocking warehouse locations.

What does our PDA membership mean to you? It means bringing together the industry’s best-in-class packaging companies with the finest packaging manufacturers. It means providing single-source procurement solutions for multi-location companies. It means leveraging resources and buying power without sacrificing personal service. Most of all, it means helping packagers like you achieve Supply Chain Excellence:

- More accurate forecasting
- Reduced inventory
- Improved satisfaction
- Increased profits
- Single-source packaging solutions
- Material handling and systems integration
- New and reconditioned equipment sales
- Equipment repair and service
- Equipment installations
- Custom converting on specialty tapes
- Custom label printing
- PDA membership is another example of BGR’s commitment to your success.

BGR Inc. and Packaging Distributors of America: Providing Service Across North America
